About The Iraheta Group

The Iraheta Group (IG) is an SDVOSB Certified, and a pending SBA 8(a), boutique firm. Staffed by with TS/SCI & Secret cleared personnel, IG provides C5ISR, enterprise telecommunications, data-link systems, AI/ML data architecture, and operational support across defense, aviation, aerospace, and national security missions. Led by senior operators and architects with 25-30+ years of DoD, combatant command, NATO coalition, and Fortune 500 experience, the team delivers mission-critical execution in complex environments.

Core Capabilities

- Tactical Data Links (TDL):** Design and integration of secure, synchronized data-link architectures connecting terrestrial, satellite, and precision weapons systems; **first baseline TDL network designed for 28 NATO nations (Syria crisis, 2012).**
- IT, OT & IoT Integration:** Secure convergence of IT/OT environments; cloud-enabled communications (**AWS, Azure, Cloud.gov**) and interoperable data management for industrial and federal assets with **FedRAMP/ATO** compliance.
- Aerospace Communications:** High-bandwidth satellite and tactical data-link support for Airborne C2/ISR platforms and manned/unmanned aviation missions.
- Telecom & Network Modernization:** End-to-end transition from legacy systems to 5G/6G architectures; enhancing network resilience, interoperability, and enterprise-wide scalability.
- C5ISR & Mission Command:** Specialized C2 and mission systems support for **DoD, NATO, and OUSD** environments; expertise in joint and coalition multi-domain operations.
- AI/ML & Data Architecture:** Enterprise **AI/ML, LLM, RAG, and GraphRAG** solutions; data modernization (**AWS/Azure/Cloud.gov**); **FedRAMP/ATO** process leadership; **RPA/UiPath** automation; **5G/ORAN** data infrastructure; **CoEs** at Fortune 500 organizations. Active federal delivery: **FDIC/GinnieMae** data modernization and **OUSD DOD-CIO SAP** data interoperability.
